

**COLLEGE *and* GRADUATE SCHOOL
of ARTS & SCIENCES**

Doctoral/Thesis Completion Petition

Advanced doctoral or master's students who have been enrolled full-time, have fulfilled all school- and program-level degree requirements with the exception of the dissertation/thesis, and are actively completing a thesis/dissertation under continued guidance from the faculty may petition for "Doctoral/thesis Completion" status. Eligible doctoral students may petition for this status each term for up to four consecutive terms; master's degree students, two terms. Please see the University policy in the Graduate Record regarding Affiliated Status for additional information. Students on this status will maintain NetBadge access to e-mail and electronic library holdings.

Important Restrictions: Doctoral/thesis Completion status does not allow students access to University facilities, including student health or insurance, as the student does not have an active I.D. card. This status accrues no credit and **will not allow for the deferral of student loans**. Doctoral/thesis Completion **does not constitute enrollment**.

***International Students** who plan to remain in the US may not enroll in this status and keep their student visa status. Questions regarding eligibility should be directed to the International Studies Office.

Submission Deadline: Students are responsible for obtaining the signature of their graduate director and advisor before submitting this form via e-mail to the GSAS Enrolled Student Office by the deadline for the semester. *Fees must be paid by the student through the QuikPay system in SIS in order to not be canceled.*

Once approved for Doctoral Completion, students may not return to full-time study in their degree program

Student Information

Name _____ Term _____ Year _____
 University ID (9 digit # on ID)

--	--	--	--	--	--	--	--	--

 Program _____ Degree _____ E-mail _____

This registration must be approved by the International Studies Office (See * above).

Yes No NA- Not an International Student

I have read and understand the above enrollment status information and limitations.

Signature _____

Date _____
